CAMP MEAD, AND WHERE LOCATED.

On One of the Finest Farms in Pennsylvania on High Rolling Ground, on the Susquehanna River.

Washington, Sept. 2.—Colonel Moore of the quartermaster's department has returned to Washington from Middle-town, where he has been in charge of work at Camp Meade. He has made a verbal report to Secretary Alger of the conditions there. He says the camp is one of the finest farms in Pennsylvania, on high, rolling ground 350 to 400 feet above the Susquehanna river. The water supply is abundant and is obtained from such a source that there can be no possible danger of pollution. Three artesian wells furnish the supply. They are from 271 to 351 feet deep, and bored through solid granite for some distance, and through nearly 250 feet of solid sandstone before the water is reached. This water is piped about the camps and to tanks where the water carts are easily supplied. Some regiments are supplied by a hydrant in front of each company; others by water carts. Colonel Moore says there is an abundant supply of this water, which has been analyzed and pronounced absolutely pure. The sanitary conditions of the camp are excellent. Precautions have been taken that prevent any trouble arising from the sinks and refuse matter. Colonel Moore also reports that the food is abundant, and the troops apparently well satisfied. President McKinley, when at Camp Meade, told Colonel Moore that he considered the place an ideal camp.

Invading Southern Islands.

Manila, Sept. 3.—Several shiploads of insurgent troops have invaded the southern islands with a view to seizing everything possible prior to the settlement of peace conditions. General Blos, the Spanish commander with a flotilla of gunboats is acting energetically, but the insurgents captured the outlying islands of Romblon and Palawan, where they found treasure to the amount of \$42,000. The prisoners captured have arrived here. Delegates from the Hong Kong insurgent junta are to have an interview with United States Consul General Wildman, and it is thought this may possibly result in a settlement of the insurgent question.

Sentenced For Three Years.

Washington, Sept. 3.—Corporal Wm. I. Ellington, company K, Fourth United States infantry, having been found guilty of a violation of the twenty-first, twenty-second and thirty-eighth articles of war by a courtmartial convened at Fredericksburg, Va., was sentenced to dishonorable discharge and confinement in prison for three years. The man will be sent to St. Francis barracks, St. Augustine, Fla.

Moved to Anneton.

Chickamauga, Sept. 3.—The headquarters of the First and Second brigades, First division, Third corps, have been moved to Anneton. The Fourteenth New York have left for Anneton. No removals will be made today, but Monday the remaining artillery batteries will leave for their home states to be mustered out.

Little Credence Attached.

New York, Sept. 3.—A dispatch from London to The World says little credence is attached in well-informed quarters to the rumored Anglo-German alliance.

Corbett Still In Business.

Chicago, Sept. 3.—Jim Corbett passed through Chicago Friday on his way to New York. In an interview he said: "I am feeling perfectly well and have not allowed myself to worry. As regards the fight with McCoy I have not made up my mind whether to fight on October 1 or not, and I cannot tell until I have talked it over with Considine. I am still in the business, though; and mean to give everybody a chance. I want to thank the members of the sporting fraternity for their kindly expressions and sympathy for me in my bereavement."

Prominent Banker Dead.

Detroit, Sept. 3.—John B. Dyar, a well known capitalist and business man of Detroit is dead at his home here at his summer home in Grosse Pointe. Mr. Dyar suffered some financial reverses a short time ago, alleged to have been caused by an electric road he projected from Detroit to Port Huron. Up to the time he met his reverse, Mr. Dyar was a director of the Commercial National bank and president of the Michigan Radiator company.

Inheritance of Bonds Must Pay Tax.

Washington, Sept. 3.—The treasury department holds that an article of agreement or contract for the sale of real estate is not subject to a stamp tax unless it conveys some right of title. It is also held that an inheritance consisting exclusively of government bonds is subject to a tax under the same conditions as money or other personal property, under section 29 of the war revenue act.

The Negro Won.

Los Angeles, Sept. 3.—Kid Parker of Boston and Bob Thomas, colored, fought before the Los Angeles Athletic club. Thompson was given the decision at the end of 15 rounds. Thompson was the stronger man all the way through, and did most of the leading. Parker fought a game uphill fight and was badly punished.

Factory Burned.

Rouen, France, Sept. 3.—The chintz factory of Hartalde & Co., Melannay, near here burned. Loss estimated at 2,000,000 francs.

JUDGE J. M. ROSE BEING CONSIDERED.

The President May Appoint Him as a Member of the Peace Commission at Paris.

Little Rock, Sept. 2.—The name of Judge U. M. Rose of Little Rock has been under consideration by President McKinley for a place on the peace commission which will go to Paris to arrange the details of peace between the United States and Spain. Judge Rose is unaware of this fact himself, but a letter has been received in this city from the president's private secretary, stating that Judge Rose's name has been presented to the president for consideration in the make-up of the commission. This letter was in answer to one written by a strong friend of Judge Rose, suggesting the eminent fitness of the latter for the honor, if he would accept it. The writer stated that he did not know how Judge Rose stood on the territorial acquisition question, but he did know that there was not a man mentioned for the commission who is better equipped. This letter did not reach Washington until the president had practically decided on the personnel of the commission. Since then, however, it has seemed probable that one of the commissioners named, Justice White, will decline to serve, in which event Judge Rose's friends believe he will receive the appointment. Judge Rose speaks French and German fluently. He has a national reputation as a lawyer and scholar.

To Muster Out the Fourth Texas.

Houston, Sept. 2.—It has leaked out that telegraphic communication has come here from Washington indicating surely that the Fourth regiment will soon be moved to Austin to be mustered out. These telegrams were not sent for the purpose of giving the information, but to show that things would soon eventuate that could not except in connection with the removal of the Fourth regiment to Austin.

There are influences at work somewhere to get the regiment removed to Austin to be mustered out. It would cost the government not less than \$5000. It has been said that the fear of sickness has given some inspiration to the movement, but the regiment is extremely healthy. There are 77 cases in the hospital, and not a bad one. A rumor prevailed that the regiment would be retained in service, but that has been contradicted. The accommodations here are better than at any point in Texas and most of the officers and men want to remain.

Will Get Away by Saturday.

Chickamauga, Sept. 2.—Third corps headquarters, division headquarters, division hospitals and ambulance corps will leave Camp Thomas for Anneton, Ala. A regiment of the First division corps will also be moved. It may be possible to get all of the regiments of the corps out this week, but they will be handled as fast as possible, and probably all be gone by Tuesday or Wednesday next week. All of the artillery batteries are expected to get away before Saturday night. General Breckinridge is very anxious to get them home, and believes he will get transportation for all by Saturday. So materially have the conditions of the hospitals improved during the last few days that there is now but little complaint. The number of patients is decreasing day by day; there are but few deaths.

An Opportunity to Join the Army.

Washington, Sept. 2.—In order to keep the regular army up to the maximum of 61,000 men the war department will open recruiting offices at all stations where volunteers are mustered out with a view of giving the men an opportunity to enlist in the regular service. The time which they have served in the volunteer service will be allowed them as a part of the continuous service in the regular branch. It is estimated that the regular army is some 4000 or 5000 below the maximum allowed by the bill which provided for the increase of the regular army when the war began.

Miles Again Heard From.

Washington, Sept. 2.—A dispatch has been received at the war department from General Miles asking why the troops in Porto Rico have not been paid. The explanation is given that the paymasters with money for the troops were at Santiago and ready to proceed to Ponce, but General Miles objected to these paymasters, saying they would bring yellow fever infection with them or the money might be infected while on the ships. Other paymasters have since been dispatched to Porto Rico to pay the troops that remained there.

Bids For Building Battleships.

Washington, Sept. 2.—Four firms offered bids for the three new battleships authorized by the last congress. The lowest bid each for any type of vessel is as follows: Newport News Shipbuilding company, Newport News, Va., \$2,580,000; Cramps, Philadelphia, \$2,620,000; Union Iron Works, San Francisco, \$2,674,000; Dialogue & Co., \$2,840,000. Many details of construction will figure in the awards.

Will Be Joined by Secretary Alger.

Washington, Sept. 2.—It is understood that President McKinley will be joined by Secretary Alger at Camp Wikoff Saturday morning, and will then proceed to inspect the camp unofficially. Secretary Alger will return to Washington Sunday afternoon, and possibly the president will do the same.

Shafter at Fort Pond Bay.

New York, Sept. 2.—The transport Mexico with General Shafter on board was sighted off Montauk Point and later dropped anchor in Fort Pond bay.

About Perfumery and Toilet Waters Especially,

It pays to be careful. The name of the odor alone proves nothing. Note the standing of the firm from which you buy. Perfumes are a hobby of ours and when you get them of us you know they are right. We have Palmer's, Wright's, Crown and others, and are especially the odors we excel in. Either in original sealed bottles with all their fragrance preserved, or in bulk as you please. Prescriptions a specialty.
